Subsonic regulation.

GAS PRO 600.1 is one of three mono amplifiers in the PRO line-up and the 600W RMS output is enough to supply a medium-sized subwoofer to its utmost. With modern technologies and carefully selected components, a high-quality and long-lasting amplifier is ensured.

With Class D technology and plenty of tuning options you get a highly efficient and fully controllable amplifier. Designed with a stiff upper lip with orange edges and discreet logo on top.

Bass remote.
