### SUMMARY:

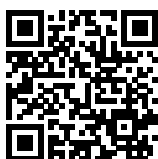

Light, lively and invigorating, the Apex is like a GTI – tight as a nut, great traction, rapid turn of speed and loads of reaction at the controls when up to full speed. The foot pads and straps are like bucket racing seats for your feet.

### KW LIKED:

That back foot feel though... Mmmm.

### KW WOULD CHANGE:

Nothing, we thought it was ideally positioned between freeride and freestyle and, finishing it off, the pads and straps are superb. Fantastic, fun kitesurfing.
