

# Aruba AP-303h professioneel WiFi Access Point (100 EUR)

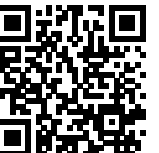

Locatie **Utrecht, IJsselstein**  
<https://www.advertentiax.nl/x-1134602-z>

Aruba AP-303h: Professioneel Access Point voor de veeleisende gebruiker. Dit access point kun je aan de wand bevestigen of op je bureau plaatsen (beide brackets worden meegeleverd). Dit Access Point kun je aansluiten op een PoE switch of op een externe voeding (niet inbegrepen).

Dit Access Point heeft ook 3 extra gigabit switchpoorten (waarvan 1 PoE) en een passthrough poort zodat je ook je bekabelde apparatuur aan het netwerk kan aansluiten.

Het Access Point is zo goed als nieuw en werkt perfect! Ik doe deze weg omdat ik ben overgestapt op een plafondmodel. Nieuwwaarde is ongeveer 300 Euro en de bijgeleverde bureaustand kost nieuw 35 Euro.

Bieden vanaf 100 Euro. Voor minder gaat ie echt niet.

|                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |
