Inc, Handset, AC Charger & Plug Kit, DC Charger, Battery, Hands Free Headset, Micro USB Cable, Wrist Strap, User Manual, CD, Warranty and Quick Start Guide

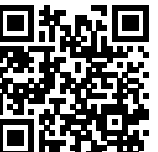

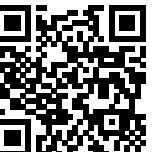

IsatPhone Pro is the first Inmarsat handheld to be purpose-built for its network. Optimised to deliver the best performance from the world's most advanced mobile satellite network, it is available on a global basis over the three Inmarsat-4 satellites, which have an operational lifetime into the 2020s. IsatPhone Pro is targeted primarily at professional users in the government, media, aid, oil and gas, mining and construction sectors.

Key features:

The essential services: satellite telephony, voicemail, text and email messaging, GPS location data
 The longest battery life: up to 8 hours talk time and up to 100 hours standby time
 The most robust handset: operates at -20°C to +55°C; dust, splash and shock resistant (IP54); humidity tolerance from 0 to 95 percent
 The only global handheld satellite phone to support Bluetooth: place the handset on its side, with full manoeuvrability of the antenna, for easy handsfree use
 Easy to use: intuitive GSM-style interface; high-visibility colour screen; larger keypad for easy dialling with gloves on
 Reliable network connection: operates over global geostationary satellites that will be operational into the

2020s; significantly less possibility of call dropping
 The value: competitive handset processor and the price

IsatPhone Pro specifications:
