A CargoTrike is a cargo bike with 3 wheels. Often this is chosen by people who have more than 3 children to transport. The trike is equipped with four seat belts as standard. The advantage of a tricycle is that it also stays upright when stationary or slow cycling. With the Shimano Steps Di2 electric assistance with automatic gear shifting, carrying a heavy load becomes easy. The walk function is often very handy in pedestrian areas. Computer regulated maximum speed of 24 kph. Battery range or 100+ km. Shimano roller brake disc pads allow rapid controlled deceleration. Fitted with optional Schwinn Marathon tires for a smoother ride and better road resistance. Length 210 cm x Width 85
