Was € 10,999 now € 9,999 !! I am selling my beloved S1000RR as I will be moving out of The Netherlands. This bike is from the UK but has been imported here (hence the odometer still in miles) so now on Dutch plates imported (December 2018). 2 keys with 'Race mode' key also. Service book with all BMW services.

This bike has hardly been used, under 1500km every year and I have only done around 3000km on it. Always live in dry conditions, plus no race track / circuit days. When bought I had GPS tracker (scorpion track), the only non-standard parts are the tail tidy and R + G crash bungs.

The engine is a sample, small mark on the engine from the previous owner, shown in the photo. I had it serviced at BMW Eindhoven last year, 200km since then, next service due.
