

Dell T1600, E3-1270, 16GB, 750GB HDD, AMD FirePro W2100 (175 EUR)

Locatie **Groningen, Groningen**
<https://www.advertentieX.nl/x-958862-z>

Price is NOT NEGOTIABLE!
 I don't ship nor deliver! Only personal pickup!

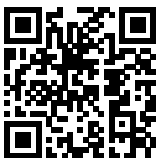

The desktop/workstation has been tested and is working properly. It can be tested before purchase.

Specifications:
 CPU - Xeon E3-1270 3.4GHz (same performance as i7 3770)
 Memory - 16GB (4x4GB) 1333Mhz
 Video Card - AMD FirePro W2100 2GB 128bits
 Storage - 1x750GB 2.5" (with the possibility of adding more HDDs/SSDs)
 Licence - Windows 10 Pro (it has original licence)

It can run games but don't expect high settings or high resolution. If the video card is changed to an RX or GTX, it will run games much better.

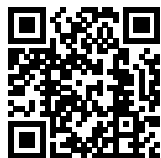

If you are interested in upgrading to an SSD, upgrading the memory, the GPU or any other component, feel free to ask, as I might have other unposted parts.

If you have any questions, feel free to message.
