k was begonnen met een project om een studio desk te maken met ingebouwde subwoofers, 2 losse hifi speakers en een custom versterker met ingebouwde dsp. Dit om mijn stage pianos aan te sluiten.

Project is bijna af, helaas stop ik ermee omdat ik het geheel ga vervangen met een Hybrid Piano (Yamaha of Kawai). Deze hebben alles intern al, maar nog belangrijker de action van een echte grand piano.

Daarom verkoop ik alle onderdelen los. In deze advertentie alleen de 2 subwoofer. Deze zijn dus in principe alleen getest en klink heel goed in mijn opstelling (custom versterker met DSP). Mogen weg voor EUR80.
