

## Unieke chrysler pacifica, perfecte conditie (4.250 EUR)

Locatie Zuid-Holland, The Hague  
<https://www.advertentiax.nl/x-977289-z>

Al jaren in de Familie, maar nu echt overboding geworden.  
 Perfecte Pacifica waar geen euro op bespaart is geweest door ons.  
 wat is nieuwe:  
 Banden  
 schrijven + Blokken  
 Distrisnaar + Spanrollen + waterpomp  
 Radiateur  
 Accu  
 Uitlaat + Catalysator van voor naar achter  
 DVD set aanwezig  
 Parrot set aanwezig ook voor Iphone 8+  
 Alle kunstofdelen in de kleur gespoten.

Gewoon een perfecte gezin's auto voor nog jaren rijplezier (6 stoelen)  
 Electriche achterklep met sleutel te bedienen.  
 CV vergrendeling  
 Alarm  
 Elechtriche stoelen met geheugen in de sleutel  
 Gewoon een ontzettend stoere Amerikaanse SUV

|                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |
