---

For UK car its in decent shape underneath as has been rust proofed before.

- no oil usage or smoke.
- as its 2003 no ap1 clutch buzz, has few later upgrades to the engine (4 hole oil squirters etc). And glass rear window. Speakers with door tweeters and few other cosmetic updates.

- Will be sold with original exhaust and airbox+new air filter unless arranged.  
(Currently has invida Q300 and tegiwa high flow cat. + new bolts) .

And either with the brand new "team dynamics 1.2" wheels as in photos on bridgestone 245/45r17 all around or AP2 v1 wheels also with bridgestone tires.

Has OEM spoiler but j's carbon wing seen in photos will be included.

CHEAPEST (RUNNING!) S2000 in NL and on.
