

Printed circuit board assembly worker

Locatie **Zuid-Holland, Leiderdorp**
<https://www.advertentiax.nl/x-1005009-z>

We are currently looking for a fulltime printed circuit board assembly in Leiden. You will work in a small team where you are responsible for the touch-up of our printed circuit boards. Read this vacancy and apply now.

Bedrijfsomschrijving

The company is located in Leiderdorp. They are a manufacturer and supplier of automation, navigation and green propulsion systems for seagoing vessels. Their passion for shipping and technology is the engine of our company. They offer high-quality innovative systems that use the very latest technologies. A key strength is being able to convert the wishes and needs of their customers into a tailor-made quality system.

Functieomschrijving

You will prepare PCB's and make sure that they comply with the IPC norms. You will also be responsible for the quality of the finished boards. Some other responsibilities you have are:

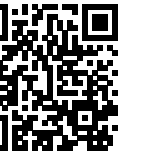

Touch-up of our produced printed circuit boards
 Manually positioning electronic components
 Soldering of PCBs by wave soldering
 Inspection of the assembled printed circuit boards, both visual and automatic inspection
 Perform "rework" and modifications.
 Work under the "ESD" and "IPC" rules.

Functie-eisen

A completed education mbo electronics or equivalent
 Interested in working with printed circuit boards
 Experience with manually SMD soldering
 Knowledge of IPC regulations and SMD technics
 Good knowledge of the English language (both written and verbal)
 Flexible attitude
 EU residency

Salary: € 1800 and € 2000 gross per month in a flexible and very interesting environment. A formal, comfortable working atmosphere with growth opportunities.
 Enthusiastic colleagues
 Good secondary employment package
