

# Dieptemeter voerboot (300 EUR)

Locatie **Noord-Brabant, Helmond**  
<https://www.advertentiex.nl/x-1013576-z>

Tekoop een diepte meter voor een voerboot.  
 Ik verkoop deze set omdat de romp van me voerboot niet bestand was tegen de band van me auto.  
 Het is een set van visvinder oost  
 Met zeker een Berijk van 400m  
 Zelf gehaald  
 De diepte meter welke er bij zit is een lowrance x4  
 Zitten ook speciale soepele antennne's bij voor betere ontvangst zonder storing.  
 Kan in iedere voerboot worden in gebouwd, werkt op 12volt  
 Is geheel

|                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |
