What is FRS standing for?

The FRS is due to the new Kitech. It was designed for freeride and freestyle. Although the FRS is a freeride kite, it is quite suitable for freestyle. It was designed to be a freeride friendly kite. It is a kite that will give you a smile every time you fly it. Most definitely hydrofoilers, landboarders, skiers, snowboarders or freestylers out there. The FRS flies effortlessly with direct and constant feedback and small to medium bar pressure.
