

Harley-Davidson FLHX Street Glide 2015 (17.500 EUR)

Locatie

Noord-Brabant, Cuijk

<https://www.advertentieX.nl/x-1034757-z>

I kindly would like to offer one-of-a-kind 2015 Harley-Davidson® FLHX Street Glide®. Mechanically its in perfect condition, never damaged, ready to hit the road whenever you want. Powerful engine Twin Cam 103™ with Integrated Oil-Cooler. Engine Power: 85.83 HP (62.6 kW). Mileage is only 42000km. Both driving belt and brake pads are in the ideal state. Lots of tuning add-ons. The nr.1 badass color of 2015, Radioactive Green covers this Harley with unique and interesting patterns as you can see on the real photos. Looks as it just went out from the fabric. This motorbike was imported from USA and I am second owner of it. I'm in possession of full documentary from original services, reparations, new parts that I bought. For more specs of this great machine I send you to Internet or to contact me.

At the moment it stays in Poland and it is registered there, but in case of real interest I can bring it to Holland or Germany within few days. If you love motorbikes and desire a high-end and unique Harley, this machine should belong to you. I would like to show it to you and than we can talk about the price. When we are both satisfied and make the deal, I find it only natural that all the costs related with custom duty, registration the motorbike in Holland etc would be on the side of the buyer.

Feeling like this could be Harley that you dreamt of? It certainly can be! I look forward for your phone call or e-mail. Good!
