Hey Guys,

I'm hereby to sell my majestic gaming monitor.
 The Acer Predator is a beast in its category, served me for a year but now I'm leaving competitive gaming behind and I would like to pass it to the next champion in the line.

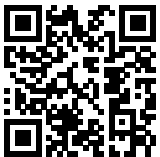

Quick specs:
 35", 3440x1440 ultrawide, 4ms, 120hz, VA panel, 1800R Curved

If you need any further information please visit Acers webpage or search for this bad boy on google.

The monitor is in a perfect condition, no bad pixels no discoloration. All functions works flawlessly.
 Purchased in 2019 and has valid warranty.

It is mainly for pickup, the new owner can test and try games on it at my place. Only for serious buyers!
 Box and all accessories are available.

Good luck and happy!
