

Rainbow Dream 2 versterker (125 EUR)

Locatie **Zuid-Holland, Zoetermeer**
<https://www.advertentiax.nl/x-1040554-z>

SPECIFICATIONS

Two Channel Amplifier Class D
 2 x 130 Watts @ 2 Ohm
 2 x 90 Watts @ 4 Ohm
 1 x 250 Watts @ 4 Ohm bridged
 12 dB High Pass: 40 Hz – 4000 Hz
 12 dB Low Pass: 40 Hz – 4000 Hz
 Dimensions (LxWxH): 230 x 153 x 49 mm

COMMON FEATURES

Digital amplifier (Class D for DREAM 1 / Class D Fullrange for DREAM 2/4) with high current-MOSFET-switching power supply
 Output stage 1 O stable (DREAM 1 only)
 Output stage 2 O stable, bridge and tri-mode capable (DREAM 2/4)
 Preamplifier with very low noise
 Subwoofer level over cable remote infinitely variable (DREAM 1 only)
 Reversible switch-off device with thermal monitoring
 Safety switch-off device with DC current to loudspeakers
 Integrated flat fuses in accordance with DIN-standard, replaceable from outside

Safety switch-off device with loudspeaker short circuit and under impedance of loudspeaker
 Remote monitoring of compression on no load
 200W power and 100W speaker protection (DREAM 1 only)
 250W power and 100W speaker protection (DREAM 2/4)
 200W structure and 100W building in case with low impedance wiring
 Interference-proof certified by
