

## Buitenboordmotor yamaha 8pk 2takt

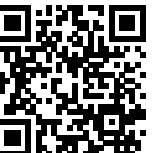

Locatie **Limburg, Venlo**  
<https://www.advertentiax.nl/x-1047851-z>

Afgelopen zomer hebben we de schuur bij mijn vader opgeruimd. Hier hebben we zijn oude buitenboordmotor ook gevonden.

De werking van de motor heb ik helaas niet kunnen testen omdat we de benzinetank niet hebben kunnen vinden. Het is wel raadzaam om de motor even na te lopen omdat hij al een tijdje niet gelopen heeft. Na zijn laatste keer varen is de impeller wel vervangen. Het betreft een kortstaart

Motor wordt geleverd inclusief afstandsbediening met.

|                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |
