

Revit Poseidon GoreTex, maat 54 pants motorbroek (285 EUR)

Locatie Zuid-Holland, The Hague
<https://www.advertentieX.nl/x-1061801-z>

4 season motorcycle pants, ideal for the Dutch weather. 100% waterproof and windproof, Gore-Tex laminated.

GoreTex laminate is better than “membrane” because you don’t have to use an internal liner. These pants are always waterproof.

In perfect condition. I am selling them because I gained weight.

- GoreTex laminate outer shell (always waterproof)
- Protectors on the knees
- Extra protectors on the hips (added and paid as extra)
- Thermal layer for winter
- Ventilation on thighs (good for warm weather)
- Ventilation on the back
- Big shins for moto boots

Revit size measures, see “MEN TROUSERS”:
