Leaving Amsterdam, so we need to sell our beloved all season sloop.

The boat was tailor made in 2016 to our design, built up from a naked steel shell. It has an outer motor (15hp Honda) with a steering block inside. It has hard wood floor and benches which are collapsible. The black seating and back pillows are tailored to the benches.
 We paid 16k€ for the boat.

Size is around 7m x 1,80m
 Motor 15hp Honda
 It is coming with a cover
 Built in water pump (bilge pump)
 Built in Marine radio (bluetooth) and speakers

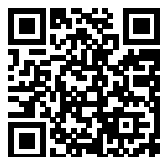

This year we did a complete overhaul of the boat with a fresh painting and high end tarring (outside and inside). Complete Motor overhaul. Fixing of interior (wooden floor and benches), etc.

As the sloop is from steel it can be kept in the canal during winter period and you can sail during the beautiful winter.
