

Htc 5g hub (99,99 EUR)

Locatie **Utrecht, Baarn** https://www.advertentiex.nl/x-1064992-z

Check details about HTC 5g HUB on HTC page.

Good battery life. Can be used as a mobile wi-fi router, phone, and speaker.

Almost new...barely used. The device was purchased in August 2019 in Switzerland(ISunrise store). The price is slightly negotiable and I do not accept changes with other devices. I can deliver in person in Baarn(Utrecht) or 20-30 km around. The delivery is free. I accept cash or bank transfer but I prefer bank transfer and respect of Corona rules of the meeting(mask, etc). Thank
