## Kobo Touch Ebook reader

Trump and the right-wing reactionaries in Congress who support his ideas.

The basic thesis of this book is pretty simple. It is that, on major issue after major issue, the vast majority of Americans support a progressive agenda and widely views of the Republican Party. Go into any countrythis community including in the most conservative states-and you'll not find many people who think that it makes sense<sup>8</sup> to give hundreds of billions in tax
