Why have someone else hold your keys when you have the Zion private vault.

Security Architected

The same military-grade cryptographic scheme that protects your assets.

Key Management

API/Vault SDK Extending the security from the vault to web 3.0 DApps.

The 1st Private Vault Protect by Trusted Execution Environment (TEE)

When activating your Zion, both 12-word recovery phrase and signing transaction will be operate in trusted execution environment (TEE). It is an isolated area that runs free from malware.

All-in-One Private Vault

iiView your BTC, LTC, ETH and other popular ERC-20 tokens and ERC-721* on Zion. Manage your crypto asset is simple!

Only the support ERC-721 will be shown in the wallet.

Own Your Keys

Keep your own key in the Trusted Execution Environment. No login required. Zion won't collect your personal data.

Social Key Recovery

Zion breaks, encrypts and shares your recovery phrase to your trusted contacts. They can help you recover your key when your phone is lost.

WHY IS ZION MORE SECURE?

Zion utilizes the TEE to generate and keep your keys safe, even from the Android OS. The Zion trusted UI creates a safe environment for when you need to authorize a transaction with your crypto assets so that malware running on your phone's OS cannot steal your.
