

# Content Marketeer - Amsterdam

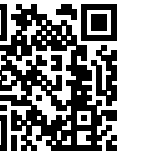

Locatie **Limburg, Heel**  
<https://www.advertentiax.nl/x-1093209-z>

Leer de organisatie kennen  
 Onze opdrachtgever is een snelgroeiende en internationale organisatie met meerdere kantoren door heel Europa.

## Over de functie

Als Content Marketeer bij deze internationale organisatie, houd jij je onder andere bezig met het schrijven van de maandelijkse nieuwsbrieven, blogs, whitepapers, persberichten en weet je de juiste doelgroepen te benaderen. Daarnaast draag je de verantwoordelijkheid over de sociale kanalen, content kalender...

|                                                                                                                                                                                                                              |                                                                                                                                                                                                                               |                                                                                                                                                                                                                               |                                                                                                                                                                                                                               |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |
