

# HONDA ONDERDELEN (yamaha koplamp)

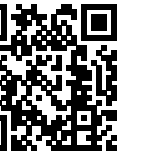

Locatie **Gelderland, Duiven**  
<https://www.advertentiex.nl/x-1095814-z>

Na mijn Honda xr600r '92 project heb ik deze onderdelen nog over.

Zoals te zien is op de foto heeft de tank een rode stukje. Ik wilde in eerste instantie deze rood spuiten maar uiteindelijk toch een rode tank gevonden. De rode verf is er gemakkelijk af te halen. Tank lekt nergens en het kraantje met reserve werkt ook.

Koplamp werkt ook naar behoren.  
 Achterlicht bij de achterkap werkt wel maar heel zwaklicht en behuizing is gebroken.

Kappen hebben nergens scheuren of andere ernstige.

|                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |
