

## Audi RS4 4.2 FSI V8 309KW 2006 Daytona Grijs (26.720 EUR)

Locatie **Zuid-Holland, Dordrecht**  
<https://www.advertentieX.nl/x-1104764-z>

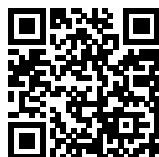

2006 Audi RS4 Full Options Daytona  
 183,000 km, 6-speed manual gearbox  
 Daytona gray version with immaculate body  
 Leather bucket seats without damage, carbon fiber upholstery and flattened steering wheel in near mint condition.  
 Has a sunroof and electric blinds at the back, everything works.  
 Walnut blast engine, done only 1000 km ago at Audi specialist  
 Equipped with modern bluetooth device instead of old CD player, original Bose speakers sound excellent  
 The car has been tuned by JD engineering and 421 BHP readout available  
 Long list of service visits from Audi and Audi specialists throughout his life with all the history in the Audi folder.  
 Car was 110k new and even has a champagne fridge in the glove box  
 A few minor points to be repaired  
 The engine light has been on since removing the center catalytic converter from the exhaust - the error code indicates Coils but the light stays on even after all 8 coils have been replaced. It can be turned off, but will come back on after about 100 km.  
 The car uses motor oil like all youngtimer Audi V8 cars, about 250 ml per 1000 km.  
 One of the wheels has a small parking scraper on the rim flange.  
 The glove / cupboard door is held by only one hinge. It can open and close normally, but must be used with caution.

This is an esteemed classic and the last in the series of manual V8s. This is always parked indoors and has less than 98
