

## Prefab beton vakman

Locatie **Noord-Brabant, Oosterhout**  
<https://www.advertentiax.nl/x-1105512-z>

De opdrachtgever is een mooi bedrijf die de medewerkers centraal heeft staan. Hersenwerk is bij dit bedrijf ook veel belangrijker dan spierkracht.

Functiebeschrijving  
 Uw werkzaamheden bestaan onder andere uit het volgende:

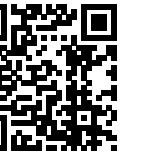

het gieten van beton in mallen  
 het afwerken van betonelementen  
 het lezen van tekeningen  
 het storten van beton  
 het opbouwen van mallen

### Functie-eisen

- Ervaring met prefabbeton elementen (is een pre)
- Technische inzicht
- Flexibele instelling

FOTO WORDT VERWERKT

|                                                                                                                                                                                                                           |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                             |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |
