

# Yamaha 450GP nieuw (1.200 EUR)

Locatie **Utrecht, Soest**  
<https://www.advertentiax.nl/x-1108147-z>

Bij de aanschaf van een Yamaha YZF 450 (07-10) kan deze omgebouwd worden naar een circuitmotor. Ik heb deze kit aangekocht:

Voor- en achterwielen

Voor- en achterbanden (inmiddels te oud om mee te rijden)

Volledige voorvork met stuur

Voorremschijf met radiale remklauw en rem pomp

Achterschokbreker aanpassingsschijven

Hendels en voetrusten met bediening

Compleet kuipwerk

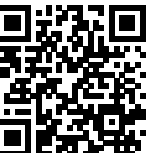

Zadel

Windscherm

Windscherm

Ketting en tandwiel set

De set is nooit gebruikt. Nieuw prijs was 80,- euro,-

|                                                                                                                                                                                                                        |                                                                                                                                                                                                                         |                                                                                                                                                                                                                         |                                                                                                                                                                                                                         |                                                                                                                                                                                                                          |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |
