DESIGN PROFILE

A multi function ergonomic non adjustable control bar with Cabrinha's 1X security, Trimlite cleat system, and Quickloop connection.

The Quickloop Overdrive 1X (Trimlite) is a highly refined control system with universal compatibility. From its soft and ergonomic bar ends to its slight weight cleat trim and 1X security system, the Quickloop Overdrive 1X (Trimlite) is a high performance and feature rich method of kite control.

What makes the Quickloop Overdrive 1X superior to other systems is its accurate ergonomics and its well thought out form factor. The security system is intuitive, operates without effort and is integrated

seamlessly into the design.

The 1X security line is well hidden alongside the depower mainline in a protective PU covered tube. The Quickloop connection is recognized for its universal compatibility and simple to use operation. Excellent for both hooked and unhooked riding
