Perfect working condition, just a few months of usage. No scratches, no hits, looks as good as new. I'm selling it since I needed a bigger screen for my work (and for games) and I bought a new one, but now I don't have space on my desk for this one.
 I can provide with a digital copy of the electronic bill, if it's needed for guarantee purposes.

If you come to pick it up in person, I will discount you 10 euros from the final selling price.

No matter if you are a newbie or an old wolf in the world of gaming, the 24.5" Black Hawk G-MASTER G2530HSU is the perfect companion at your side. Capable of displaying Full HD images at 75Hz refresh rate it will always have your back. Armed with Black Tuner function and FreeSync Technology with a stunning 1 ms response time, the Black Hawk guarantees you will see every tiny detail even in the shadowed screen areas and will be able to respond to the changing situation in an instant. Triple input support (VGA, HDMI, DisplayPort), speakers, headphone connector and a USB hub are all included. So stay in control, keep calm and get in the game!
