Gratis verzending & Op werkdagen voor 12:00 uur is morgen in huis

De iPhone SE is er voor wie houdt van een compacte en toch krachtige smartphone. Dankzij het 4 inch schermformaat is deze iPhone eenvoudig met 1 hand te bedienen. Ook past hij met gemak in de strakste skinny jeans. Het kleine formaat betekent echter niet dat je inlevert op prestaties. De iPhone SE beschikt over dezelfde hardware als de iPhone 6s. De A9 processor staat garant voor een soepele gebruikerservaring terwijl de 12 megapixel camera je voorziet van de mooiste foto's. Of video's. De iPhone SE heeft misschien een bescheiden voorkomen, maar je kan hem met recht een kleine krachtpatser noemen. Batterij status garantie: Min. 75% Health van originele capaciteit. The exterior design of the iPhone SE is nearly identical to that of the iPhone 5 and the iPhone 5S, with the exception of matte-chamfered edges and an inset stainless steel rear Apple logo. Cases designed to fit the 5 and the 5S will also fit an iPhone SE.[19] The iPhone SE is available in the colors Space Gray, Silver, Gold, and Rose Gold.[20]

The iPhone SE incorporates Apple's 64-bit non-chip SoC, which an M9 motion coprocessor, a 1.2 GHz dual-core processor for the A9. It was the first iPhone to feature 16 GB of internal storage. Features include a 12-megapixel rear camera with optical image stabilization, a 5-megapixel front-facing camera with 1080p video recording at 30 frames per second, and the iPhone 6S and 6S Plus's 3D Touch sensor. The iPhone SE also features the second-generation Touch ID sensor from the 6S and 6S Plus,[21] or its barometer.[22]

On March 24, 2017, Apple announced that it would double the storage for these models at the same launch prices. The upgraded models were released on March 24, 2017 with 32 GB or 128 GB of internal storage.[23][24] Software[edit] See also: iOS, iOS 8, iOS 9, iOS 10, iOS 11, and iOS 12

The iPhone SE shipped with iOS 9.3, supporting iPhone 6 and 6S exclusive features such as Apple Pay.

---

Live Photos, Retina Flash and always-on Siri voice activation.[20][22][25] The SE is compatible with iOS 12
