

## HomeLab setup (400 EUR)

Locatie **Zeeland**  
<https://www.advertentiex.nl/x-1144333-z>

HomeLab setup te koop

Vlot draaiend en kan nog meer dan een paar jaar "werken" aan. Ik doe ze weg omwille van downsizing en andere prioriteiten

Wat zit in het pakket?

- # Super Micro 1u server
  - Intel Xeon E5-2650 CPU (8c / 16t)
  - 4 x 3,5" hdd caddies (geen HDDs)
  - Supermicro X9 moederbord, dual socket Xeon LGA2011 v1 + v2 (incl heatsinks)
  - 8 Gb Ram (max 768Gb ram mogelijk)
  - 2 x Gigabit LAN onboard + aparte 1 x 2 poorts gigabit lan card
  - onboard ipmi
  - 650W Gold rated PSU

- # Quanta 1u server
  - Intel Xeon E5-2620 CPU (6c / 12t)
  - 4 x 3,5" hdd caddies (geen HDDs)
  - Quanta moederbord, dual socket Xeon LGA2011 v1 + v2 (incl. heatsinks)

- 8 Gb Ram (max 768Gb ram mogelijk)
- 2 x Gigabit LAN onboard
- 2 x 3,5" hdd caddies
- 650W Gold rated PSU

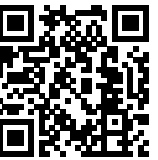

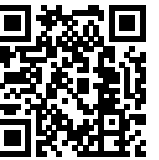

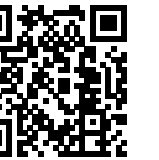

# Mikrotik Rb4001 Routerboard + Wireless router

Hoge kwaliteitsrouter, maar te geeky en geavanceerd voor mij. Ik hou het graag simpel :)

Aan te halen in Sint-Niklaas (België), geen verzending mogelijk omwille van grootte en gewicht.

Voorkeur om alles in 1 koop over te nemen.

|                                                                                                                                                                                                                    |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                     |                                                                                                                                                                                                                      |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |                                                                                                                                                                                                                       |
