I am the original owner of the computer. It is in neat condition. Clean install of latest Windows 10 is included, but no extra software is included. Given the good condition, price is non-negotiable.

I bought the computer in the US, so the AC adapter is American style. I include a free European plug adapter so you can use it directly.

The Surface Pen (a black, latest-gen Surface Pen) is not included in the listing price - it would be 50 euros more.

I won't mail the computer, as it could damage the computer and the responsibility could become problematic. Pick up is strongly preferred (Amsterdam 1098XB). I can personally drive to deliver anywhere within 1,5 hours of driving from Amsterdam with extra.
