

# Troy bakfiets Basic Nieuw

Locatie **Overijssel, Enschede**  
<https://www.advertentiax.nl/x-1163816-z>

Troy Basic bakfiets met gepersonaliseerde bak. Niet elektrisch. Inclusief 7 versnellingen (Nexus) en speciaal remslot tegen weggrollen. De fiets is nieuw en ongebruikt.

De bak is naar wens aan te passen of te vervangen voor een andere bak. Te gebruiken voor vervoer of reclaimedoeleinden. Stickers zijn te verwijderen. Voor de doe het zelfder :-)

Tevens eenzelfde model met lichte beschadigingen te.

|                                                                                                                                                                                                                               |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |
