

LaCie 321 professionele monitor (85 EUR)

Locatie Zuid-Holland, The Hague
<https://www.advertentiax.nl/x-1173057-z>

Prachtige professionele monitor van 21 inch, 1600x1200 pixels.
 DVI en VGA aansluitingen.
 Je kan er twee computers tegelijk op aansluiten.
 Laat zich nog goed kalibreren.

Voor mij is hij overbodig geworden, maar hij gaat zeker nog jaren mee!

Zie detail foto links onder!

True Color for Professionals

This display features a professional-level color gamut that allows you to use it when working with color correction for video or print graphic design. This makes the monitor an ideal choice for professional designers and editors. The included Blue Eye Pro Colorimeter helps to ensure that your monitor retains proper color calibration for the work that you are doing.

Wide Viewing Angle

The monitor features a 178° horizontal viewing angle and a 178° vertical viewing angle, making it easy to view the display from almost any angle.

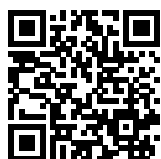

Small Footprint

The monitor's small footprint and ability to be wall- or arm-mounted helps conserve often-scarce space on your desk.

Multiple Inputs
 This monitor features DVI-D, DVI-I and standard analog video input. This gives you a wide choice of connection options.
