

# NEC Aspire 0890000 IP1NA-8KSU-A1 8 Slot KSU (55 EUR)

Locatie **Overijssel, Steenwijk**  
<https://www.advertentieX.nl/x-1193804-z>

Zeer nette telefooncentrale. Kast ziet er ook nog erg netjes uit.

NEC Aspire 0890000 IP1NA-8KSU-A1 8 Slot KSU

## Description

The NEC Aspire 0890000 is the 8 Slot KSU (or Key Service Unit) for the Apsire-M phone system. It serves as the main control unit and carrier for the phone system. It has a slot for the power supply (Not included) and 9 PCB slots for expansion cards. The first slot in the KSU is for the NTCPU card (not included but please look in our related items). All remaining slots are universal and can be used with any Aspire expansion cards. The KSU can be floor, wall or rack mounted. The NEC Aspire system can use VoiP to converge your voice and data network and will operate as a hybrid phone system letting you mix IP traffic and standard NEC key system traffic. Like the Aspire S, the Aspire uses peer to peer voip networking meaning that any ip stations will connect directly to each other when in use. Wall bracket not included.

## Key Features:

Abbreviated Dialing

Directed Call Pickup
