A large, sharp, and with great colors screen.

Perfect for Multitasking, and specially for those of you interested in photo and graphical work! Also very good for watching Netflix and general content.

The monitor is zero! Box included. The cables are like new too, very hard to find in this conditions! Not much used. Took the screen out of the box just to take the pictures of it working and back inside again.

Of course that the monitor will be tested by you before you take it out
