

# Medewerker Fundusfotografie, Zwolle - Zwolle

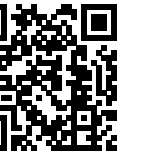

Locatie **Limburg, Heel**  
<https://www.advertentiax.nl/x-1197876-z>

Stel jij mensen moeiteloos op hun gemak, ben jij rustig van aard en heb jij een scherp oog voor details? Dan zijn wij op zoek naar jou! Jij bent één keer per 2 weken op de maandag beschikbaar.

Wat ga jij doen? Als Medewerker Fundusfotografie ben je verantwoordelijk voor de periodieke controle op oogafwijking van patiënten die bij de huisarts onder behandeling zijn voor Diabetes Mellitus. Voor het maken van een kwalitatief goede fundusfoto is het...

|                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                    |
