Tekoop aangeboden Honda XR 600 R

Wegens te weinig gebruik bied ik mijn trouwe Honda XR 600 R uit 1986 tekoop aan. De motor is verbouwd tot supermotard. De voorvork, tankhoes en de nodige kappen zijn hiervoor veranderd. Motor is vorig jaar voorzien van nieuwe banden(voor en achter Pirelli), olie, reiniging van carburateur en nieuwe remblokken. Sindsdien praktisch niet mee gereden.

- Wat hoogtepunten:
- Honda XR 600 R
  - bouwjaar 1986
  - 5 versnellingen
  - Excel velgen
  - FMF uitlaatdemper
  - Renthal stuur
  - Wave schijfrem (stoppie power), tevens achter schijfrem.
  - Acerbis handkappen
  - Kickstart only
  - Claxon, verlichting en remlicht werken.
  - Motor is geschikt voor A2 rijbewijs, ondanks bruut koppel van de 600 klappen.

|                                                                                                                                                                                                       |                                                                                                                                                                                                        |                                                                                                                                                                                                        |                                                                                                                                                                                                        |                                                                                                                                                                                                                                    |                                                                                                                                                                                                          |                                                                                                                                                                                                          |                                                                                                                                                                                                          |                                                                                                                                                                                                          |                                                                                                                                                                                                          |
