Like new, with a matte screen protector perfectly applied (no bubbles whatsoever, and this screen protector has no rainbow effect, which is very rare to find!)

I mostly used it for reading comics and books. It's working perfectly. The battery lasts a long time. The screen is really great and the matte screen protector make it very easy to read on it.

Included all accessories (USB-C to headphone jack adapter, charger, USB cable) and an original Samsung Book Case for it.

Under warranty until May 2022.

This is the version with 128GB internal storage and 6GB RAM so it should last you a longer time than the regular 64GB model which only has 4GB RAM.

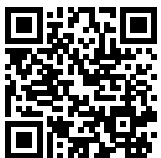

Storage can be expanded with a micro SD card.
 Currently running Android 11.

I like this set a lot. I'm only selling it because I wanted a stylus and bought a Galaxy Tab.
