Hello,
 with big sadness i need to sell my Audi cause its not needed anymore, i just got my company car.
 Everything is visible in the pictures. mileage - 275000 km
 Well maintained. Small accident during holidays about a month ago (see pictures of a damage) lamp should be changed, rest is up to you.
 Nice and big 17 inch original alu wheels with new tires.
 Apk till April 2022.
 Drive smooth, gear box and clutch and steering wheel works nice and easy. Spare wheels and emergency equipment present. Slightly sporty exhaust - not to loud. Audio very good and modified.
 Additionaly you can connect jack cable to your phone or sd card with music.
 Will not be sold below 1700 euros so please dont call me to bargain.
 Car is used so please dont expect that everything looks like from the salon.
 Im very sorry but i dont speak dutch so only english optional in my case.
 Thanks for your.
