1984 BMW R80RT, you will get a lot of attention and applause while riding this bike, it is beautiful. This is not a project bike, it is complete. Daily driving, weekend bike, commuter, etc.

I have had all major maintenance done already, *Professionally done at a BMW shop.

Major maintenance complete

- Gearbox rebuild/overhaul
- Carburetors full rebuild and professional spray black, synchronized and tuned
- New Clutch, clutch assembly, pressure plate, and kit
- New alternator/dynamo, charging system, voltage regulator

And of course the minor maintenance, oil, fluids, wheel bearings, valves checked and monitored each service.

Lates service records on major maintenance mentioned above.
