Well maintained Kawasaki Ninja ZX-6R 636cc for sale!

New chain & sprocket kit + Michelin Pilot Power 2ct rear tire slapped on not 2000km ago.

The bike is mostly stock aside from LED taillight + integrated turn signals, and an aftermarket Laser exhaust which sounds great and backfires and pops at higher RPM. The bike starts, shifts and handles perfectly!

There are a few small scuffs in the paint here and there, nothing you wouldn't expect from a pre-loved 18 year old bike.

The bike is Dutch and fully registered in the RDW. Feel free to Whatsapp/call me for further information/pictures or to come on down for a viewing.

Test ride = cash in hand.
 Ik spreek ook.
