HP Proliant ML350e Gen8 Xeon E5-2420 16 GiB RAM 2 TB (170 EUR)

Locatie **Zuid-Holland, The Hague**
https://www.advertentiex.nl/x-1210634-z

Server working like new.

All parts are original from HP it's ready to start and run

Processor 1 Intel Xeon E5-2420 1.9 with 12 threads.

It does have another space to add another processor.

It has 6 fast swap HD cage

This server has 16 Gib of RAM memory

It has 2 hdd 1 Tb each original from HP 7200 rpm.

1 internal SD card 32 GiB for your OS.

You still have more 4 slots for easy plug other HDS of any size.

This server has hardware RAID controller original from HP. You can either control using the hardware RAID or activate the HBA mode so you can control it direct from the software. This is possible because the firmware of the Raid hardware is up to date!

This case indicates when the hardware is redundant.

Also I have the key for the case making it even more save.

The bet bid will take and the delivery can be
