

Dell R620 2xE5-2680v2 128GB RAM H710P 10G SFP (700 EUR)

Locatie **Noord-Holland, Hilversum**
<https://www.advertentieX.nl/x-1217104-z>

Dell R620 8-Bay SFF server with dual E5-2680v2, 128GB DDR3 RAM, and 10G SFP+ NDC NIC

The server has been used for a personal Proxmox hosted in a professional data center.

Specifications:

CPU: 2x Intel(R) Xeon(R) CPU E5-2680 v2 @ 2.8GHz (20 cores/40 threads in total) RAM: Micron 128GB DDR3 1600MHz ECC RAM (8x16GB dual rank) NIC: Broadcom 57800S (2x1G RJ45 + 2x 10G SFP+) Raid Controller: Dell PERC H710P Mini - 1GB Cache with BBU8 bay SFF chassis (SAS/SATA 2.5") Dual 750W power supply iDRAC 8 Enterprise license Dell sliding rails for 1U servers Form Factor: 1U
 The only reason the item is being sold is due to having purchased a newer generation fitting my needs better.

There are no caddies for the server and will come with drive blanks.

2x 3D printed caddies in black PETG can be made if you want (I need to know this 1 day in).
