Te koop airush ultra 2 9m2

Gekocht nieuw eind 2019

Een allround kite die ideaal is voor freeride, wave en foil.

Zie review in kiteboard magazine:

The Ultra is Airush's currently best selling kite, illustrating the notion that single strut light wind kiting has evolved to such an important extent. The Ultra goes way beyond low-end simplicity though and over the several seasons has grown a reputation as a one-kite solution for a wide variety of riding situations. Unlike modern three strut kites, it builds focus up from foiling and light wind disciplines through to wave riding, rather than from strong winds and big jumps to freeriding. It's like an inverted scale, but the more and more we accept that the new mainstream norm for fun kiting now starts from 12 – 14 knots rather than 16 -18, it's kites like the Ultra that are delivering so many more good sessions.

Kite heeft een professionele reparatie in het doek en tube dat netjes gerepareerd.
