This motorbike has had a single owner (myself), I bought it in Italy in December 2018, then brought it to Amsterdam and completed the registration with RDW. The bike has always been kept inside a garage and it is in perfect conditions.

The list price of the bike bought new including all accessories was just over 17.000€.

This is a great occasion for you!

Accessories (original installed and bought from BMW dealership):

- Engine crash bars
- Fog lights
- LED kit
- ABS / Dynamic ESA
- Cruise Control
- Heated handgrips
- Keyless ride
- Luggage box (back one + right side one, left side not present)
- And I installed a taller, dark windscreen from Givi

Tires were changed recently (last year and only a couple of thousands of KM made, still in great condition).
