

Rockford Fosgate P4004 4 Kanaals Versterker (120 EUR)

Locatie Flevoland, Almere  
<https://www.advertentieX.nl/x-1239822-z>

CEA-2006 Compliant  
Number of Channels 4  
Rated Power  
continuous power 50W x 4 @ 4-Ohms RMS  
100W x 4 @ 2-Ohms RMS  
200W x 2 @ 4-Ohms bridged RMS  
Total Power  
total sum of 'rated power' 400 Watts  
Bridgeable Yes  
Crossover Controls High-Pass (HP): 40-400Hz 12dB/octave Butterworth  
Low-Pass (LP): 40-400Hz 12dB/octave Butterworth  
Tone Controls Bass: 0dB to +18dB @ 45Hz  
Signal Input Low level: 2 RCA pair  
Input switch: 2/4 ch.  
Signal Output Low level: 1 RCA pair  
Power Input Connector Block  
Power Wire Gauge 4 AWG  
Speaker Output Connector Screw terminal barrier strip  
Speaker Wire Gauge 8 AWG to 18 AWG  
Heat Sink Type Cast aluminum

|                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                       |
