

## GS500 2003 35KW Code 80 (2.400 EUR)

Locatie **Zuid-Holland, The Hague**  
<https://www.advertentieX.nl/x-1241291-z>

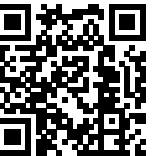

Hierbij verkoop ik mijn Suzuki GS500 uit 2003. Ze ziet er voor haar leeftijd heel goed uit. De motor gaat weg omdat ik vol vermogen mag rijden. Motor staat altijd binnen.

Vervangen:  
 4 x LED plus DRL (Relay vervangen)  
 Audi Flow Led!!  
 Hendels (koppeling verstelbaar)  
 LED achterlicht  
 Remblok voor (achter is nog ruim voldoende)  
 Koppelingkabel  
 Koppelingspen keering (gaat om de 30dkm)  
 Windscherm  
 Motobatt Accu (zeer krachtig)  
 Iridium bougies voor stabiel draaien en betere performance

De motor is betrouwbaar en makkelijk om aan te werken. Geen gezeik met de politie 35kw. Alles op de motor functioneert naar behoren en de slijt onderdelen zijn nog in goede staat.

Er staat op dit moment 38xxx km op de teller maar er wordt heel af en toe nog wel eens mee gereden.

Samengevat een zeer mooie motor met

|                                                                                                                                                                                                                        |                                                                                                                                                                                                                         |                                                                                                                                                                                                                         |                                                                                                                                                                                                                         |                                                                                                                                                                                                                          |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |                                                                                                                                                                                                                           |
