In fantastic condition (discounted because of the faint outline from where a sticker was on the top case—it's hard to see at most angles).

Entire top-half display assembly was replaced in 2018. Entire bottom-half and battery was replaced in 2019. So as you can see this MacBook of Theseus is actually quite new.

Comes with the original charging brick, cable but not the box. Please note this MacBook has a US keyboard! If you have any questions please!
