

CNC lathe operator

Locatie **Overijssel, Goor**
<https://www.advertentiax.nl/x-1261034-z>

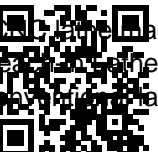

The company is specializing in the machining of axis, wheels, rings, castings, and machine parts. They are continuously innovating and they work with the most modern techniques and newest machines. The company mainly works with single products and small series.

Job Description

For a company, specializing in the machining of axis, wheels, rings, castings, and machine parts, we are looking for a CNC lathe operator. You will be:

- Challenged by working on new products continuously and you are willing to think about solutions;
- Working on your own and with high accuracy;
- Able to read drawings very well;
- Choosing the tools, setting up the machine, and checking the product after machining;
- Working in a 2-shift system (06.00 - 14:30 and 14.30 - 00.00)
- Ensuring neatness and order on the work floor.
